

100KW R6105AZLD 50Hz Ricardo Diesel Generator Brushless Self - Excitation AC Single Three Phase Output

Our Product Introduction

for more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Brand Name: Ricardo
- Certification: ISO9001, ISO14001, CE
- Model Number: R6105AZLD
- Minimum Order Quantity: 1 Set
- Price: 3480USD
- Packaging Details: Please consult customer service.
- Delivery Time: About 30-50 days
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 100 Set/Month

Product Specification

- Product: Diesel Generator
- Noise Level: $\leq 70\text{dB(A)}$
- Canopy: Customized
- Starting System: Electric Start
- Frequency: 50Hz
- Output Type: AC Single/Three Phase
- Package: Wooden Case Packing
- Engine: Ricardo R6105AZLD
- Highlight: **100KW Ricardo Diesel Generator,
Self Excitation Ricardo Diesel Generator**

Product Description

Product Description:

100KW R6105AZLD 50Hz Ricardo Diesel Generator Brushless Self-Excitation AC Single/Three Phase Output

Ricardo Diesel Generator

Ricardo Diesel Generator is an efficient and reliable power solution for both commercial and industrial use. It is designed to provide continuous electricity supply with its advanced features and high-quality components.

With its output type of AC Single/Three Phase, this generator is capable of delivering stable and consistent power to meet the demands of various applications. Whether it is for commercial buildings, construction sites, or emergency backup power, the Ricardo Diesel Generator is an ideal choice.

The starting system of this generator is electric, which makes it easy and convenient to start the engine. This feature eliminates the need for manual starting, saving time and effort for the user.

The frequency of the Ricardo Diesel Generator is 50Hz, making it suitable for use in most countries around the world. It ensures that the power supply is in sync with the standard frequency of electrical appliances, providing safe and efficient operation.

One of the key highlights of the Ricardo Diesel Generator is its excitation type, which is brushless self-excitation. This feature allows the generator to produce electricity without the need for external power, making it highly efficient and cost-effective.

Whether you need a reliable power source for your commercial establishment or a backup solution for emergencies, the Ricardo Diesel Generator is a top choice. Its high-quality components and advanced features make it a durable and dependable power solution for any situation.

Don't compromise on the quality of your power supply. Choose Ricardo Diesel Electricity Generator for continuous, stable, and efficient power every time. Upgrade to Ricardo Diesel Continuous Power Generator today and experience the difference it makes in your business or home.

Trust in Ricardo Diesel Commercial Generator to provide you with the power you need, when you need it. With its top-notch performance and advanced technology, you can rely on this generator to keep your operations running smoothly and efficiently.

Features:

Product Name: Ricardo Diesel Generator

Product: Diesel Generator

Engine: Ricardo N4105DS

Excitation Type: Brushless Self-excitation

Frequency: 50Hz

Rated Frequency: 50HZ/60HZ

Ricardo Diesel Standby Generator

Ricardo Diesel Industrial Generator

Ricardo Diesel Standby Generator Manufacturer

Technical Parameters:

Product	Diesel Generator
Package	Wooden Case Packing
Rated Frequency	50HZ/60HZ
Excitation Type	Brushless Self-excitation
Canopy	Customized
Engine	Ricardo N4105DS
Noise Level	≤ 70dB(A)
Frequency	50Hz
Starting System	Electric Start
Output Type	AC Single/Three Phase
Ricardo Diesel Prime Power Generator	
Ricardo Diesel Electricity Generator	
Product	Diesel Generator
Package	Wooden Case Packing
Rated Frequency	50HZ/60HZ
Excitation Type	Brushless Self-excitation
Canopy	Customized
Engine	Ricardo N4105DS
Noise Level	≤ 70dB(A)
Frequency	50Hz

Starting System	Electric Start
Output Type	AC Single/Three Phase

Applications:

Ricardo Diesel Generator

Ricardo Diesel Generator is a reliable and high-quality product suitable for various applications.

Product Description

The Ricardo Diesel Generator is a powerful and efficient generator designed and manufactured by Ricardo, a trusted brand in the industry. With its high-quality components and advanced technology, this generator is suitable for backup, commercial, residential, and industrial use.

Product Attributes

Brand Name: Ricardo

Place of Origin: China

Certification: ISO9001, ISO14001, CE

Minimum Order Quantity: 1 Set

Packaging Details: Please consult customer service.

Delivery Time: About 30-50 days

Payment Terms: L/C, T/T, Western Union, MoneyGram

Supply Ability: 100 Set/Month

Rated Frequency: 50HZ/60HZ

Package: Wooden Case Packing

Canopy: Customized

Output Type: AC Single/Three Phase

Application Scenarios

The Ricardo Diesel Backup Generator is perfect for providing emergency power supply during power outages or natural disasters. It can be used in homes, offices, and other residential areas to keep essential appliances and equipment running.

For commercial use, the Ricardo Diesel Commercial Generator is a reliable source of power for stores, restaurants, factories, and other businesses. It ensures uninterrupted operations and prevents financial losses due to power interruptions.

In industrial settings, the Ricardo Diesel Industrial Generator is a must-have for powering heavy machinery and equipment. It can also be used as a backup power source to keep production running smoothly in case of power failures.

The Ricardo Diesel Residential Generator is suitable for providing backup power to large homes or as a primary power source for small homes in remote areas. Its high capacity and efficiency make it a reliable choice for residential use.

Customization:

Ricardo Diesel Generator Customization Service

Thank you for choosing Ricardo Diesel Generator. Our products are designed to meet your specific needs and provide reliable power solutions. With our customization service, you can tailor your generator to fit your unique requirements.

Brand Name

The brand name of our generator is Ricardo. Known for its high-quality and reliable products, Ricardo has been a leading brand in the power generation industry for many years.

Place of Origin

Our generators are proudly made in China, with strict adherence to international standards and regulations.

Certification

Our generators are certified with ISO9001, ISO14001, and CE, ensuring the highest quality and environmental standards.

Minimum Order Quantity

We require a minimum order quantity of 1 set for our customized generators.

Packaging Details

Our customer service team will be happy to assist you in choosing the best packaging option for your customized generator.

Delivery Time

Our delivery time for customized generators is approximately 30-50 days, depending on the complexity of your customization requirements.

Payment Terms

We accept various payment methods, including L/C, T/T, Western Union, and MoneyGram, for your convenience.

Supply Ability

With a monthly supply ability of 100 sets, we are committed to meeting your demands and delivering your customized generator on time.

Product

Our product is a diesel generator, designed to provide reliable and efficient power solutions in various industries and applications.

Excitation Type

Our generators use brushless self-excitation technology, ensuring stable and continuous power output.

Canopy

Our canopy is fully customizable to meet your specific requirements, whether it's for noise reduction, weather protection, or aesthetic purposes.

Rated Frequency

Our generators are available in both 50HZ and 60HZ frequency options, suitable for different power grid systems.

Output Type

Our generators can be configured for AC single-phase or three-phase output, providing flexibility for various power needs.

Key Customization Keywords

Ricardo Diesel Emergency Generator

Ricardo Diesel Commercial Generator

Ricardo Diesel Industrial Generator

Ricardo Diesel Standby Generator

With our customization service, you can create a Ricardo Diesel Emergency Generator, Commercial Generator, Industrial Generator, or Standby Generator that meets your specific needs and requirements. Contact us today to start customizing your generator!

Packing and Shipping:

Ricardo Diesel Generator Packaging and Shipping

Thank you for choosing Ricardo Diesel Generator! Our product is carefully packaged and shipped to ensure safe delivery and customer satisfaction.

Packaging

Each generator is first wrapped in protective bubble wrap to prevent any damage during transportation. It is then placed in a sturdy cardboard box with proper cushioning and padding to further protect the product.

For larger orders, the generators are packaged in wooden crates for added security.

Shipping

We offer worldwide shipping for our generators. Depending on your location, we utilize various shipping methods such as air freight, sea freight, or ground transportation.

Our shipping team carefully monitors each shipment to ensure timely delivery and to address any issues that may arise during transit.

Once your order has been shipped, you will receive a tracking number and updates on the status of your delivery.

Customs and Duties

Please note that international shipments may be subject to customs and duties fees. These fees are the responsibility of the customer and may vary depending on your country's regulations.

We strive to provide accurate documentation and assist in any necessary customs clearance to minimize any potential delays.

Installation and Setup

Upon delivery, our product comes with detailed instructions and all necessary components for easy installation and setup. Our customer service team is also available to assist with any questions or concerns.

Thank you again for choosing Ricardo Diesel Generator. We hope our product meets your expectations and provides reliable power for your needs.

FAQ:

Q: What is the brand name of this generator?

A: The brand name of this generator is Ricardo.

Q: Where is this generator produced?

A: This generator is produced in China.

Q: What certifications does this product have?

A: This product is certified with ISO9001, ISO14001, and CE.

Q: What is the minimum order quantity for this product?

A: The minimum order quantity for this product is 1 set.

Q: How is this product packaged?

A: Please consult customer service for packaging details.

Q: How long is the delivery time for this product?

A: The delivery time for this product is about 30-50 days.

Q: What are the payment terms for this product?

A: The payment terms for this product are L/C, T/T, Western Union, and MoneyGram.

Q: What is the supply ability for this product?

A: The supply ability for this product is 100 sets per month.
